Chinese Troops Report Advance Of Thirty Miles

Japanese Right Flank Is Threatened By Sudden Movement

JAP PLANES IN MUCH ACTIVITY

City Gates At Peiping Have Been Reopened By Japanese

(BULLETIN)
(International News Service)

SHANGHAI, May 7.—Chinese troops, suddenly shifting pressure to the west flank of the Shantung province front, tonight reported a 30-mile advance northward along the Hankow-Peiping railroad.

The unexpected movement, according to the Chinese, gravely threatened the Japanese right flank.

Intense activity by Japanese airplanes to the west and southwest of Peiping drove off small guerrilla bands which have been terrorizing villages, and tonight tension in Peiping was ended.

Gates Are Opened
All city gates, some of which had been closed to prevent infiltration of Chinese terrorists into Peiping, have all been reopened.

Scores of Chinese irregulars were killed in the Japanese air campaign. Japanese headquarters here reported.

Only the speedy arrival of Japanese reinforcements saved the small garrison at Nantongchow, 65 miles northwest of Shanghai, when a band of 3000 Chinese guerrillas swarmed in.

The garrison was overwhelmed in the first rush, but later fierce street fighting was reported.

Along all the hundreds of miles of front, bands of Chinese irregulars harassed Japanese lines of communications. In the Peiping area, the guerrillas were augmented by thousands of communist troops of the famous red general, Chu Teh. Tactics of striking and then retreating (Continued On Page Two)

PA NEW OBSERVES

In a note to The News from Mrs. Kate C. Humphreys, written Tuesday, she tells about a flock of Bobolinks, stopping off long enough from their journey northward to serenade the residents of St. Cloud, Fla. According to naturalists, the Bobolink arrives in Pennsylvania between May 5 and May 20, traveling in flocks of from eight to twenty-five, so they would seem to be right on schedule.

Temperatures were only a few degrees above the freezing point this morning. Pa Newc noted on his thermometer.

Columbine, iris, and bleeding hearts are in bloom now, two weeks ahead of schedule. Oftentimes, these are the only flowers in bloom on Memorial Day.

Coming along South Pine street, we saw a coaster wagon approaching with a square paper carton on the front end, floating "Old Glory." A boy was sitting on the rear of the wagon peddling. When we got close up, we saw within the box a fox terrier with five of her puppies, only a few days old.

Pa Newc is informed that the "tent caterpillars" are making their appearance on the tree in some parts of this district in large numbers.

Three men are giving the well-known "Dickson Elm" on Grant street, at the corner of Shenango, its annual spring trimming, and the (Continued On Page Two)

Wilson Will Fly Air Mail

Local Aviator Is Named To Carry Air Mail Here On May 19

WILL FLY MAIL FOR SPECIAL EVENT

Findley C. Wilson, one of the New Castle district's better known airplane pilots, will become an air mail pilot for the United States government for several hours on the afternoon of Thursday, May 19. Postmaster Richard A. Sleen announced today.

Wilson today had been officially assigned to make the "special pickup" of air mail which the Post Office Department has authorized for New Castle on that date. Wilson, flying his own plane, will take on the mail cargo at New Castle airport.

To Leave at Three P. M.
He has been instructed to leave the field with the mail at three p. m. on May 19 and to fly direct to the Pittsburgh-Butler airport, just outside of Butler. There he is to transfer his cargo to an authorized Post Office Department representative.

Mr. Wilson today had already taken his special oath for government service from Postmaster Sleen.

Sponsored jointly by the Lawrence County Philatelic society and the Junior Chamber of Commerce, that day will be an appropriate air mail cachet with a design developed for the occasion.

Hundreds of Letters Seen
Hundreds of air mail letters out of New Castle May 19 will be stamped with the special design which proclaims that New Castle is located in the very hub of the nation's consuming area. A copy of the design will shortly be released.

Pilot Wilson received his special pick-up instructions in a letter from Joseph F. Gallagher, Pennsylvania chairman for the celebration of Air Mail Week, from May 15 to 21.

The government is commissioning hundreds of special pilots throughout the nation for similar service that day.

Wage-Hours Bill Will Probably Pass Congress

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, May 7.—The nation today appeared to be facing a new and far-reaching economic experiment—fixing of national minimum wages and maximum hours by congress itself.

House passage of the administration-approved Norton wage-hours bill for interstate industries was said by leaders to be certain as a result of the record-smashing signing of a petition by 218 members.

While a senate filibuster is possible, wage-hours backers contended sentiment in that body is so overwhelming that closure can be enforced to bring the issue to a vote.

Even though the measure might fail in a rush for adjournment, the change of sentiment in the house was so pronounced that eventual enactment of the legislation was generally considered a certainty.

Smashing Victory
A powerful New Deal-labor coalition, with Republican aid, brought a smashing victory to the "wage-hours" bill yesterday when the petition to discharge the rules committee and call the Norton bill to the floor was completed in little more than two hours.

Even bitter opponents of the legislation conceded it would pass after (Continued On Page Two)

Woman Enters Plea Of Guilty

Ousted Chief Deputy In County Treasurer's Office Is Arrested

BAIL IS PROVIDED FOR COURT ACTION

Charged with embezzlement, Miss P. Patterson, former chief deputy county treasurer, pleaded guilty before Alderman L. C. Mantz on Friday afternoon at 5:20 o'clock. She was held for the June term of criminal court in \$1500 bail. The bail was furnished by Frank Scourge.

Miss Patterson was discharged Friday by County Treasurer Joseph H. Hartland when she confessed to the theft of county funds. On Friday it was stated that the shortage was \$1300. Today it is announced by Mr. Hartland that the shortage is \$2150 which amount he says has been restored.

No Attorney
Accompanied by County Detective Paul A. Welsh, Miss Patterson arrived in the office of Alderman Mantz about 5:15 o'clock. She had no attorney and after the reading of the information by the alderman she pleaded guilty. The information which is signed by County Detective Welsh avers that she "did take, convert and apply to her own use, and to and for the use of a certain other person and certain other persons whose names are to this effect unknown and with the intention of fraud, certain moneys, goods, chattels and other property belonging to and in the possession of the said County of Lawrence."

As the information was being read and the phrase "certain other persons" was reached Miss Patterson said "that is wrong." However the (Continued On Page Two)

Britain-France Aiming At Peace

Seek To Prevent Czechoslovakian Minority Question From Becoming Conflagration

URGE MODERATION ON CRITICAL ISSUE

(International News Service)
LONDON, May 7.—In an effort to prevent the Czechoslovakian minority question from flaring into a conflagration, Great Britain and France brought pressure to bear on Germany and Czechoslovakia today.

The British and French envoys to Berlin and Prague visited the respective foreign offices in a joint demarche and urged extreme moderation in dealing with the issue.

Both were warned of the grave consequences that might follow a clash in Central Europe and asked to adopt a conciliatory attitude.

British ambassador Sir Neville Henderson was instructed to inform field marshal Hermann Wilhelm Goerring in Berlin that:

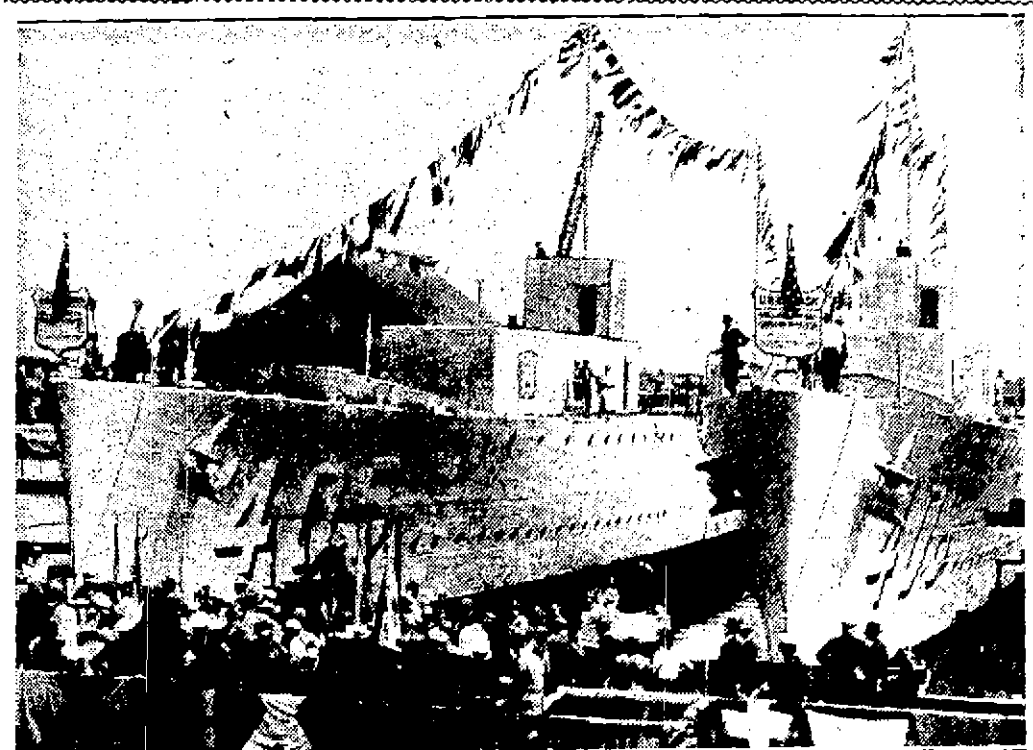

Councils Moderation
1. Britain urgently counsels German moderation in dealings with the Czech regime.

2. Britain and France are both pressing Prague make all possible concessions to the Sudeten Germans.

3. Britain believes the central situation is growing worse and that there is endangering prospect of improved relations between London and Berlin.

London and Paris proposed that Czech concessions to the Sudeten be made within the framework of a state composed of federated localities, as in Switzerland.

Mystery Develops As Some 50 Students Faint

(International News Service)
WILMINGTON, N. C., May 7.—Explanation today for the mass fainting of more than 50 students of the new Hanover high school was variously charged to mass hysteria and to possible contamination of food or water.

The unexplained incident occurred following review of the school R. O. T. C. Battalion.

Without warning, three cadets fell to the floor one after another. It was almost as though a signal had been given, for soon students, both male and female, were collapsing all around the school.

The temperature was 76 and so eliminated the possibility that heat was responsible.

The incident recalled a similar happening in France some months ago when a number of women employed in a factory fainted almost simultaneously.

Dr. A. H. Elliot, health officer, was not inclined to place much faith in the mass hysteria theory and thought it likely that the student faintings might be traced to some contamination of food or water.

PRESIDENT IS BRINGING HIS CRUISE TO END

(International News Service)
CHARLESTON, S. C., May 7.—Bringing his May cruise to an end, President Roosevelt moved up through the Bahamas today at a 21 knot speed with no stops, planned until the U.S.S. Philadelphia reaches Charleston navy yard Sunday afternoon.

The president will entrain immediately for Washington with arrival at the White House set for early Monday morning. Although the radio bulletins from Secretary Marvin H. McIntyre made no mention of national affairs, it was assumed that the executive had been fully advised of the house action in ranking the highly controversial Wage and Hour Bill out on the floor through the petition route.

Garden Stakes Trial Recessed Until Monday

(International News Service)
PITTSBURGH, May 7.—The federal court trial of Rev. Father James R. Cox, pastor of old St. Patrick's church here, and his associates in the \$25,000 "Garden Stakes" contest conducted here last fall, was recessed today until Monday.

It was expected that United States Prosecutor John D. Ray would rest his case on that day and the defense would begin its turn immediately.

B. J. Clifford, original promoter of the contest which the federal government alleges was a lottery and was fraudulently conducted, testified yesterday that Father Cox attempted to borrow money to pay off contest winners and failing in that, ordered the contest called off.

Big Deficit Faced For Year

(International News Service)
WASHINGTON, May 7.—President Roosevelt's \$4,512,000,000 recovery program will leave the federal government with a deficit of \$3,722,000,000 on June 30, 1939, estimates by acting budget director Daniel W. Bell, disclosed today.

Bell's estimate, made public by the house appropriations committee, was based on the premise that all proposed recovery funds will be expended during the fiscal year beginning July 1.

Agreements Made In Talks In Italy Not Revealed To World

BOTH DICTATORS SPEAK SUNDAY

Italy Continues Round Of Activities As "Show-off" To Chancellor Hitler

(BULLETIN)
(International News Service)

ROME, May 7.—A concrete program of Italo-German collaboration, pledging mutual support for colonial expansion and bolstering the military ties between authoritarian states for common defense against aggression, has been agreed upon by Reichsfuehrer Adolf Hitler and Premier Mussolini.

This was learned by International News Service today as the dictators brought to an end their momentous conversations and prepared to voice their pledges of mutual support in public speeches scheduled for tonight.

ROME, May 7.—Chancellor Adolf Hitler and Premier Mussolini have wiped their slate clean in the course of their formal but frank face-to-face talks, which have now come to an end. It was evident today.

High officials of both the German and Italian diplomatic "camps" informed International News Service that the Rome conversations between the two dictators will prove to have an importance of the first magnitude—to Europe and perhaps to all the world.

Only occasionally talking formally in the presence of Count Galeazzo Ciano and Joachim von Ribbentrop, the Italian and German foreign ministers—more often completely alone—Hitler and Der Fuehrer shook hands over the map of Europe.

Secret Conclusions
As they did so, they left the world largely in the dark as to the exact nature of their secret conclusions, and on how much closer they now see eye-to-eye than they did a year ago.

Today Hitler was to have been treated to a massed sham battle of the Italian air force as the third great spectacle of Fascist armed might staged for his visit.

The aerial display was cancelled, however, owing to pouring rain and low clouds.

Nevertheless, officials said that if he were cleared they hoped to be able to stage the aerial maneuvers during the afternoon. In place of the aerial show, an artillery demonstration was scheduled.

In spare moments the German chancellor, after viewing an open air performance of folk dances and communities, based himself on the draft of the "demonstrative" speech he will give tomorrow, which is understood to total 1200 words.

Two Dictators To Speak

This speech, together with the address Il Duce will deliver, will once again impress on the world the complete unity of the Fascist empire and the Nazi Reich in certain fundamental principles of foreign policy.

According to Nazi quarters, Hitler's speech will express the solidarity of the Rome-Berlin axis in stark terms without actually transforming it into a written pact.

It is pointed out in Nazi quarters that it is becoming obvious for nations to pledge themselves in addition (Continued On Page Two)

Hull To Oppose Embargo Lifting

Against Best Interest Of U. S.

Topic To Come Before First Session Of Cabinet After Return Of President

LOYALISTS SEEK AID FROM SPAIN

By ROBERT G. NIXON
International News Service Staff Correspondent
Copyright, 1938

WASHINGTON, May 7.—In the face of mounting pressure from the most highly organized propaganda campaign since Germany and Britain sought to gain America as an ally in the World War, Secretary of State Hull will tell congress it is against the best interests of the United States to lift the arms embargo against Spain.

This was learned exclusively by International News Service today as a small bloc of Spanish Loyalist sympathizers in congress sought to force a vote on the new resolution asking war supplies be made available to the hard-pressed Spanish government.

Communicated To President
Hull's unqualified opposition to any change in the embargo act at this time is being communicated to President Roosevelt and will be transmitted to congress next week.

The topic is expected to be a subject of discussion at the first cabinet meeting after the president's return from his fishing trip.

Hull's attitude, it was learned, is based on a conviction that there has been no change in the situation which made it advisable in the first place for the United States to maintain an attitude of strict neutrality in the Spanish civil strife and that there is still grave danger of the Spanish war igniting a conflict that might engulf all Europe in bloody combat.

WAGE-HOURS BILL WILL PROBABLY PASS CONGRESS

(Continued From Page One)

Chairman Mary T. Norton (D) of New Jersey makes the formal motion to bring the measure into the house.

Mrs. Norton, who led the battle to force a vote in spite of rules committee opposition, can make her motion on May 23. It is possible that the date of consideration may be advanced by rules committee reconsideration and granting of preferred status for the bill.

To Halt Industry Flight To South.
While the senate passed the Black-Connery bill last year giving a board wide power to fix minimum wages and maximum hours, the house recommitted the bill in a bitter fight in the special session.

The new measure, designed to overcome objection of the American Federation of Labor, provides for a 35-cent minimum wage immediately, rising to 40 cents after three years. It provides a 44-hour week, which would be lowered to 40 hours after two years.

Although minimum wages and maximum hours were contained in NRA codes, the Norton bill for the first time calls for fixing of wages and hours by congress itself.

With the A. F. of L. now joining with the C. I. O. in supporting the Norton bill, the "wage-hours bloc" is expected to stand fast to beat off all weakening amendments.

In its present form the bill bans north-south differentials. The drive for the petition in the house was regarded by some members as a crusade to halt movement of northern industry to the south.

Ahepa delegations are expected to come from surrounding towns, President Peter Brown said.

CHINESE TROOPS REPORT ADVANCE OF THIRTY MILES

(Continued From Page One)

Heavy rains made roads impassable in much of south Shantung, and the Chinese are waiting until the Japanese artillery becomes bogged down before resuming an offensive—save where gains were reported on the Hankow-Peiping railroad.

Hotly disputing Chinese victory claims, Japanese authorities claimed their troops were advancing steadily on the central front toward the Lungai railway.

The Chinese, according to Nipponese claims, blew up piers and warehouses in the city of Haichow, important Lungai railway terminus, apparently with the intention of abandoning the city in the face of the Japanese drive.

It also was claimed that Nipponese forces were about to capture Fowning, 80 miles south of Haichow. Reports from Hankow, meanwhile, said there was a lull in the fighting on the Tachewang front and that the battle had shifted to the east.

Both the Chinese and Japanese high commands were reported massing troops in the Tancheng area in preparation for another suicidal struggle on that blood-soaked terrain.

Hankow also reported that Japanese planes had raided the city of Szechow, vital Lungai junction, killing 500 and wounding 680 persons.

Deaths of the Day

Mrs. Mary Belle Ligo. Formerly of New Castle, passed away early this morning at the home of her daughter, Mrs. David Lewis, at Alliquippa, where she had been residing for about three years. Her death followed just two weeks of illness. She would have been 80 years old in October.

Mrs. Ligo was born in New Castle, daughter of James and Eliza McBride, and she passed the greater part of her life in this city. Her home was on Grant street before she moved to Alliquippa. She was a member of the local Second United Presbyterian church and the Women's Missionary Society.

The deceased was first married to John Platt, who died many years ago. Later she married Joseph Ligo and was widowed for a second time, ten years ago.

She leaves her daughter, Mrs. David Lewis of Alliquippa, two stepchildren, Jane Ligo of New Wilmington and Garvin Ligo of New Castle, a number of grandchildren and several great grandchildren.

Two sisters, Mrs. R. W. Garway of New Castle, Mrs. Elizabeth Davies of Homestead, and two brothers, Harry P. and Edwin D. McBride of New Castle.

The body will be brought to the home of her brother, Edwin McBride, 320 Boyles avenue, Monday evening, and services will be conducted there at 2:30 o'clock Tuesday afternoon. Interment will follow in Greenwood cemetery.

St. Philip And James Church Plans Sunday Night Program In Parish Hall

Marking the observance of Mothers' Day on Sunday night, May 8, at 8 o'clock, a cast of 50 young people of St. Philip and James church will present a program in the parish hall. Miss Dutkiewicz has been honored in being invited to attend the Teachers' Institute in Warsaw as a guest student from America. She leaves May 17 aboard the "Batory".

The course is sponsored by the Polish government and is given in recognition of work done by Polish-American youth people and in teaching Polish culture.

phrase is a part of the charge of embezzlement. After her plea Mr. Seungie signed the bail bond and Miss Patterson left.

The specific charge upon which the information is laid is that concerning the taxes of Ellis Riney in the Fourth ward. His tax bill was \$101.77 which was more than the \$204.13 represents interest and penalties which was the shortage in this account and to which Miss Patterson pleads guilty. The other sums of money are represented in various other tax accounts and it is possible that information will be drawn charging embezzlement, covering those.

School Board Starts Inquiry
The story back of the inquiry was made public today by a member of the New Castle School Board. About four weeks ago the board was confronted with a delinquent tax receipt which was more an amount than the taxes paid over to the board by the county treasurer's office.

A little investigation revealed another such receipt and Attorney Charles H. Young, who is acting as solicitor for the board during the illness of Solicitor William J. Moffatt was asked to investigate the matter.

In the three weeks following Mr. Young discovered instances which totaled \$2150, he reported, and on the last Tuesday evening County Treasurer Joseph H. Hartland was summoned to appear before the school board. The evidence was laid before him and he said he would investigate it. He confronted Miss Patterson with the evidence and she confessed, he says.

The shortages reported thus far, \$2150, has been paid back into the county, it is stated.

Hitler-Mussolini Have Concluded Their Conference

ance through the written word, owing to the rapidly changing circumstances in which they find themselves.

Meanwhile, whatever else remains shrouded in mystery, it is known that Hitler and Mussolini stand shoulder to shoulder against any effort of bolshevism, directed by Moscow, to encroach upon western Europe.

Available hints in German quarters indicate the German contingent in general is satisfied with the results of their visit and is satisfied that the Rome-Berlin axis is strong enough to withstand any strain placed upon it through any special exigencies.

WOMEN RETURN FROM FEDERATION SESSIONS

"An enthusiastic meeting" and "So full of good things" were but a few of the comments made by local women who have returned from the State Federation sessions of Pennsylvania Women, held in Pittsburgh, May 4 and 5 and 6 in the William Penn hotel.

The system used for the meetings throughout the three-day meeting was exceedingly efficient and so gratifying to delegates in attendance. In addition, booths stationed all along the highways were prepared with all kinds of desired information, whether about the organization of club work, the city of Pittsburgh, where such and such a meeting was being held and when, all these questions were answered by efficient guides placed in these booths, thus keeping "the stranded" well collected. Every courtesy possible was extended throughout three days.

Friday night, the Federation banquet, at which the new officers were presented, closed a most outstanding meeting that brought down the curtain on a most successful term for the retiring officers. The outgoing president, Mrs. John M. Phillips, presided over this particular feature, and high tribute was paid to the incoming president, Mrs. P. Earl Magee of Oil City. She was the sole nominee for the office, and the building representing 75,000 club women began early Thursday morning.

Among the local women who attended were Mrs. Harold McCulloch of Castle Manor, Walpole; Mrs. Harry L. Gornley of Fairfield avenue; Mrs. Carl Wilson of Warren avenue; Mrs. Arthur B. Foster of East Washington street; Mrs. Elmer Kaplan of North Mercer street; Mrs. Frank S. Breneman of Garfield avenue; Mrs. William A. Pond of Winter avenue and others.

Monday

Every Day Is Mother's Day To Girl Scouts

Mothers' Day, tomorrow, Sunday, May 8, is to Girl Scouts of the nation, now almost half a million strong. Every day is devoted to Mothers' Day, and why not?

Homemaking has always been one of the scout's most popular activities. Today, when the program offers a wider variety of wholesome, interesting, and ever before, ranking from those of the great outdoors to self-expression in dramatics and dancing, Homemaking tops the list in popularity.

Given the right to choose, American Girl Scouts have proved that while the world may change, the scout's aim remains their paramount interest.

Dreams of future careers are not submerged in modern girlhood all the traditional home interests with which women have always been associated. This is evidenced by the fact that during the past ten years a third of all badges awarded to Girl Scouts throughout the United States have been in the Homemaking field. In 1937, these covered badges were awarded to 76,387 Girl Scouts in the United States.

pump-priming program was announced. From then on he lost ground. The prospect of more millions for local distribution and of large additions to the relief rolls drew thousands to Senator Pepper's support. You didn't have to spread the information that if they wanted money, jobs or relief, Senator Pepper was the man to lie to. They knew without being told. What it comes down to is this—in effect, under existing conditions, Administration candidates make their campaigns with the taxpayers' money, not their own. It is a revolting state of affairs, but it is the truth. If anything were needed to stress the necessity of joining forces by those who believe that this sort of thing is dangerous and intolerable, the Florida primaries would seem to be it. There have been few clearer demonstrations of the power of money.

Thousands At Louisville For Derby Classic

Bull Lea, Fighting Fox And The Chief Are Favorites In Derby

THREAT OF RAIN BY WEATHER MAN

By DAVIS J. WALSH

International News Service Sports Editor

LOUISVILLE, May 7.—In a setting that had something of the grandeur of a great cavalcade and the shallow ostentation of a penny-a-peeep arcade, seeming to combine the most raucous features of each, the annual running of the historic Kentucky Derby was to be consummated late today at Churchill Downs with 50,000 reveling in the most amazing show the American scene affords. It has no precedent. It knows no counterpart. It is simply Baghdad on a bend.

It began forty-eight hours ago, when the nation first started to give up its thousands by air, motor and rail. It reached peak production with daylight this morning, at which time many of the more outstanding fanatics were already up and a-strut toward the Downs.

Thousands On Hand

The climax was to come shortly before five o'clock, central standard time, with the race itself. One and one-quarter miles by the tape. A little more than two minutes by the watch. And a thousand flutters by the heart.

With once-favored Stagehand still tossing fitfully on his bed of pain in the barns, ten colts, the best now known to the American turf, were named overnight to make the race that was the first to confirm the greatness of Old Rosebud, Kentucky's Zev, Gallant Fox, Twenty Grand, Calumet and Omaha.

The Old Fox, winner eight years ago, now has a younger brother arrogantly asking to follow in the footsteps of the old master and fitting enough, Fighting Fox, of the Woodward stable, was the favorite today.

Bull Lea Liked

But there was a decided swing overnight toward Bull Lea, of the Warren Wright barn, so much so that in fact, it seemed possible the Bull might be getting the big play by post time. He's been quite a horse since his third birthday and all week long has figured conspicuously in all calculations, by those who know and those who don't.

The horse was bred in or just outside Kansas City, so his victory would be a defeat for the wide-open spaces, which certainly is about time. I like the Fox in the race, but I've always been a narrow-gauge space man myself. I've even got a bed in one of them on the sixteenth floor right now.

For Big Purse

Whether it's to be the Fox or the Bull or one of the remaining eight, there is \$47,050 waiting in the strong box here for the winner. Second money is \$5,000, so a nose-finish will be a terrible thing for the owner of the losing nostril.

The skies, bright as a silver dollar all week, turned a little opaque this morning and there was a threat of showers by the resident forecaster for late in the day. A real hot choice, but right now the Fox and the Bull seem to be the only pair worth worrying about.

Fighting Fox, though, showed in the Wood Memorial that he really can mizzle, too; so the first mile today ought to be one of the fastest in derby history, without even mentioning Bull Lea, which is of bulldog strain and has been equalling some records in his own right. What happens the first mile, of course, constitutes about all that's going to happen in the horse race.

Play Hillsville

Big Booster Day Sandlot Attraction Is Booked For Sunday Afternoon

Sunday afternoon in Hillsville, the South Side Merchants, piloted by Benny Ciccone, will battle the Hillsville aggregation in a Booster Day attraction.

The battle is carded for the new Hillsville grounds, one of the finest in Lawrence county. "Goat" Augustine, former star with East Side Civics, Sheet & Tube and Duke of Abruzzi in Youngstown, will likely go to the mound. Walt Palkovitch or Red McIntosh will catch. Hillsville will take the field with a young peppy sandlot aggregation. A fast game is anticipated. Patsy Conti and Dom Costello will umpire.

Ryantown To Play West Middlesex Team On Sunday

Ryantown Scene Of Laughter Friday Night As Old Timers Perform

Ryantown baseball team of the City League will play the fast West Middlesex Merchants at the Ryantown Field Sunday afternoon at 3 o'clock, it was announced by Business Manager Frank Hensley today.

The Merchants were the county league champs last year. They will bring a strong team here for the game. Manager Joe Samuels will use his ace in the hole Dory Gunnelt. Paul Coulter will be behind the plate.

Last night the noise that you heard coming from the Ryantown ball park was nothing but pure unadulterated laughter of the funniest sort. The Ryantown team and the Old Timers tangled in what was to have been a ball game, but if any circus this summer can get more laughs than the boys did last night, especially Howard "Tiny" Hunter and "Slim" Bodendorfer, then we will miss our guess.

The score was 10 to 4 in favor of Ryantown. Dory Gunnelt must have been kidnapped by the Old Timers as he didn't show up. Sam Koenig did the hurling for the Old Timers and did a swell job of it (too bad there wasn't any big league scouts present). Kennedy the "Fearless" did a grand job of batting and run making, getting four hits and four runs, in fact he was about the whole works for the Old Timers. The Old Timers want a return game, they claim that they want to face Dory Gunnelt.

Giants Trip Up Pirates 11 To 7, Indians Win One

Cincinnati Reds Keep On Winning, Boston Bees Lose To Cubs

INDIANS TAKE ONE FROM ATHLETICS

By ANTHONY J. PUGLIESE

International News Service Sports Editor

NEW YORK, May 7.—When Bill McKechnie stepped in to take over the managerial reins of the Cincinnati Reds, it was felt by many that his technique, temperament and long experience were just about what was needed to bring about the renaissance of the Crosleymen.

As the season progresses, it becomes more apparent that McKechnie's influence is being felt by the Reds, for they have battled the Nationals to the first division of the National League today.

McKechnie is known to have a way with young ball players—especially pitchers. If they have something on the ball, he'll bring it out. In fact they don't have to be young. Recall what he did with Lou Fette and Jim Turner, the 30-year-old rookies, in Boston last season. He had them standing the rest of the league on their ear through most of the season.

Today the Reds board six victories in their last seven starts two wins of which came at the expense of the league-leading New York Giants.

With pitchers Paul Derringer and Al Hollingsworth winning steadily and Ival Goodenough, Ernie Lombardi and Billy Myers furnishing the punch, the Reds of 1938 are a good ball club.

The Reds hopped all over Mungo and continued against Chuck Marlow and Fred Frankhouse as they defeated the Brooklyn Dodgers 10 to 3. Brooklyn touched Hollingsworth for 10 scattered blows. This red hit the 300 mark with nine wins and nine losses and replaced the Bees in fourth place.

Cliff Melton became the first pitcher to win five games as he hurled the Giants to an 11 to 7 victory over the Pittsburgh Pirates. Melton was replaced by Coffman in the ninth, but an eighth run lead furnished mainly through homers by Johnny McCarthy and Hank Leyba enabled Melton to gain the nod.

Bees Drop Game

Although they outdid the Chicago Cubs 12 to 8, the Boston Bees dropped a 13 to 9 decision to the Braves mainly through four errors. Mayo and West homered for the Bees, the defeat humbled Boston out of fourth place.

The St. Louis Cardinals won out 4 to 3 from the Phillies in the ninth, but an eighth run lead furnished mainly through homers by Jimmy Brown scattering across the plate.

The Cleveland Indians stretched their lead to a game and a half over the New York Yankees as they topped the Philadelphia Athletics 4 to 1. Rookie Ken Keltner's fifth home run featured a three-run seventh inning rally, which turned the tide. Johnny Allen yielded nine hits and won his third victory.

Senators Win Again

Washington Senators won their second 13 inning game in three days by downing the Chicago White Sox 4 to 3. Pele Appleton who was sent to pitch for Washington in the 12th singled, scoring Ossie Bluge to win his own game. The win put the Senators into a tie for second place with the New York Yankees.

The Boston Red Sox climbed on ex-teammate Buck Newsum and cracked out a 7 to 3 decision over the St. Louis Browns. The Browns touched Johnny Marquess for 10 hits. In New York the Yankees and the Detroit Tigers were washed out of their series again.

Clear Skies At Louisville Today

(International News Service) LOUISVILLE, Ky., May 7.—Clear skies greeted Kentucky Derby patrons today as the early birds started moving toward Churchill Downs.

Indications were the day would remain fair, despite the official forecast of cloudy and slightly cooler, followed by showers in Western Kentucky late this afternoon or night.

After clear and cool weather the past several days, the track was expected to be lightning fast.

Umpires Will Meet Tonight

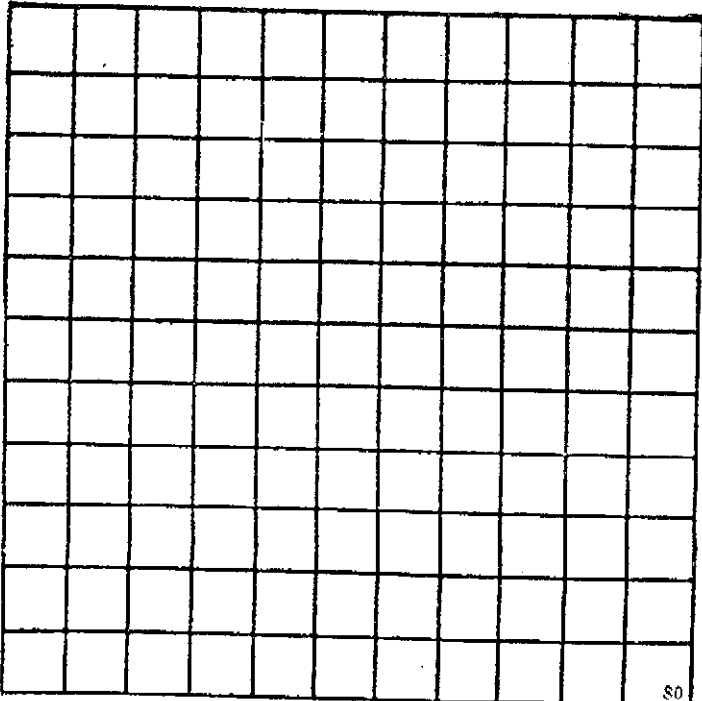

There will be a meeting of the Lawrence County umpires tonight at the Y. at 8 o'clock, it was announced by Leo W. Hill. The City Baseball league has made umpires an offer and this will be taken up for discussion. All who expect to umpire this year are invited to attend.

This is not to be confused with the umpires' meeting held at the Sporting Goods store. There are two separate organizations of ball and strikes callers.

Rambling Around World Of Sports

The easiest way into the majors is a plug before a big fight ... recently in Philadelphia. Buck Ross gave Gehrig his third straight walk backsports of all times, claims that the easiest road to the majors is by being a catcher ... catching is an art as only a pitcher knows ... the hurler is the only one who knows how good a backstop is ... not even the manager knows, Wilson claims ... a catcher should be the brains and the spark plug of a team ... he should know the fine points of position play, know all the hitters and run the game ... a good catcher knows how and where to throw, how to turn for a pop fly, how to hold up his pitcher and a bunch of other mechanical details, Wilson states ... aside from this, he must know every hitter, know all about the pitcher's working with and what he's capable of, and learn now to line up his team ... there's always room for a good catcher ... its the shortest and quickest road to the big tent, provided the catcher has something besides

Editor Refuses To Bolt New Deal

Wisconsin Times Refuses To Forsake New Deal For La Follette

NEWS CHEERING TO ROOSEVELT

General Press Washington Bureau, 602 Times-Herald Bldg. By CHARLES P. STEWART, Central Press Columnist. WASHINGTON, May 7.—When New Dealers heard that the Madison (Wis.) Capital Times was not going along with the La Follette secession from Rooseveltism they gave their cheering voices. From the New Deal standpoint their enthusiasm was amply justified. The Capital Times is William T. Eby's only. Throughout the period of La Follette Progressiveism (away back in the clear senator's day), Eby's publication has been that especial brand of Progressivism's particular organ. Its bolt is a sensation of the first political order.

IF HE FIGHTS—As for "Bill" Eby, a Wisconsinan doubtless would be incredulous if told that this outstanding editor has not much of a national reputation—he is so well known within the boundaries of the Badger commonwealth. It probably is a fact, however

that his fame has not spread far beyond. For it will be La Follette's devotion, with "Bill" fighting it, and the late Louis McHenry Howe, broken with Franklin D. Roosevelt, it could have been no more amazing than Eby's break with the sons of his old idol, Senator Robert M. La Follette the first.

STEWART RECALLS—I met Eby originally in Cleveland in 1924 during the convention which nominated the elder Wisconsin senator and Senator Burton K. Wheeler of Montana, presidential and vice presidential, on the Progressive ticket.

He is a forceful character, a dyed-in-the-wool liberal and a tip-top newspaperman.

He was one of the organizers of that convention, which was pretty much a Wisconsin affair, though the La Follette-Wheeler combination did score more than 4,000 popular votes besides carrying Wisconsin itself.

AN ORIGINAL PROGRESSIVE—In the circumstances it was a creditable "third party" record and Eby had a deal to do with registering it, at least in his own state. He has served in the Wisconsin legislature, has been a presidential elector and was chairman of the committee at the gathering when the new Progressive line-up was born.

The essential consideration is that he has rated (and properly so) as about the most thoroughly saturated La Follette Progressive in the United States, next to Father La Follette and his sons—and now he turns thumbs down on the latest La Follette "movement". That is to say, the Capital Times does—which is the same thing as Eby himself.

DEPRECATES SPLIT—The Capital Times' position is that President Roosevelt has done more for American economic improvement than ever has been done before.

It deprecates a liberal split and blames the La Follette for threatening one. Its editorials have not been widely quoted yet, as have those from larger metropolitan dailies.

Yet the essence of the matter is that Madison, Wis., is a center of Progressiveism, that it is vitally the seat of La Follette influence and that "Bill" Eby has been the La Follette Progressive's editor in America. Now he kicks over the traces.

NEW DEALERS PLEASED—Roosevelt New Dealers naturally are pleased.

"Young Phil" and "Young Bob" are off the Roosevelt "reservation". The Rooseveltians are gratified to observe that Eby does not follow them.

Eby may be a petty recalcitrant—and yet maybe not so petty. He will be published soon, and possibly with some effect. It must create a mean situation in Wisconsin Progressive politics, anyway.

Members of the New Castle Exchange club will gather in the Elks club, No. 1111 street, Monday evening at 8:45 o'clock for their regular dinner meeting.

Tea was first known to the English speaking world as "china."

Trouble Season For Utility Men

The "pain-in-the-neck" season is here for service department employees of local utility companies.

Its moving time, if you don't think so, ask your gas man, your light man, your telephone man or your water man. For some unknown reason, people go in for this moving business in a big way just about this time of the year and it means that the utility company employees must rush about wildly turning-off and turning-on service.

A check-up, this morning in the Manufacturers' Light & Heat company office revealed the fact that approximately 450 families have moved around during the past four or five weeks.

While the utility man walks around taking his bumps, the transfer men are smiling broadly.

Desmond With Barnett Circus

Lone Star Ranger Coming Here With Circus On Friday, May 13

He's a wizard in the ways and wiles of the Indians. William Desmond, the Lone Star Ranger of Hollywood screen fame comes to New Castle as the feature attraction of the Barnett Brothers big three-ring circus on Friday, May 13.

This war-like tribe of Sioux Indians pictured with Desmond in peaceful pose play a colorful part in the circus program. With their wild-riding on bareback mustangs their war dances and pow-wows they bring the old west back to life under the big top.

A true son of the range, William Desmond spent much of his early life with the redskins. He mastered the dialects of many different tribes and while seated around open camp fires became steeped in Indian lore. From the Indians he learned the art of following uncharted trails through the wilderness. The methods of roping and breaking wild horses became an open book. They taught him their craftiness in hand-to-hand combat. This Indian cunning spurred William Desmond's meteoric rise to fame in western pictures.
